*I am a 3D artist with a passion for industrial design, architecture and technology. Confident with software such as Adobe Photoshop and 3DS Max I wish to specialize in visualization and animation. I am currently looking for an internship for my second year at YRGO.*

## **Education**

### **2021-2023 Yrgo**

#### *Computer Graphics Design*

Generalist education in 3D-modelling, animation and product visualization. Use of 3DS Max, Nuke, Adobe Photoshop and After Effects. Expected graduation date summer 2023.

### **2017 – 2021 Chalmers University of Technology**

*B. Sc Design and Product Development. (135/180 HP)*

Completed several courses concerning the industrial design process, CAD and CAID work, as well as ergonomics and product design. Incomplete due to COVID-19.

## **Work**

### **2022 Alten**

Four month internship at the Design and Visualization department at Alten Gothenburg. Solely responsible for a visualization project for an in-house client. I also worked closely with other 3D-artists to deliver images for Amazon 360-degree views.
